Assignment Title

Reflection Journal #1

10% of Total Course Grade

Description

In this course you will be asked to complete 3 reflective writing entries. This is a self-directed reflective assignment. Link your reflection to research, feelings, personal experiences and online or class discussions. Substantiate your entries with details and/or examples. Divide your assignment using these four headings as you write. The questions are there to guide you.

Objective

What is the idea about? What caught your attention?

Reflective

What do you feel about the topic and how do you identify with it.

Interpretive

What does it mean to you? What insights did you get from the research and information? How has your thinking changed by reflecting on this quote or idea?

Decisional

How can this information and interpretation be applied to your life? How will you utilize this to better yourself?
